

Lac Ste. Anne Foundation Newsletter

January 2018

Dena Krysik – Chief Administrative Officer

Happy New Year! I truly hope 2018 brings everyone joy and happiness throughout.

As we begin our New Year at the Lac Ste. Anne Foundation, we are busy finalizing the 2017 fiscal year end in preparation for the external financial audit team to arrive.

I want to express my deepest appreciation and thanks to all staff that assisted in making the holiday season special for our residents. As I walked the halls of each facility, the decorations were beautiful. The gift bags that were prepared for Christmas delivery were wonderful. Thank you to all that donated items for the gift bags your generosity does not go unnoticed. We have amazing staff that are caring, dedicated and committed to making our facilities the best places to live.

As it is Flu season, please ensure you are washing your hands frequently, get lots of rest and eat healthy. Staff will continue to ensure all handrails, doorknobs and common areas are sanitized frequently. Please ensure that if you have family or friends coming in to the facility to visit, that they are healthy and flu free.

Employee evaluations will be taking place over the next 6 weeks, this gives staff an opportunity to reflect on their roles within the Foundation and assist us in ensuring training requirements are provided to assist them in making their workplaces safe, enjoyable and stress free.

I would like to encourage anyone who has a story or event they wish to submit to our newsletter, please forward to Betty Gale, Administration Clerk @ bgale@lsaf.ca. Please note all submissions will be reviewed for approval prior to publication

New year resolution:
Laugh a little louder, smile a
little bigger, love a little deeper,
and walk through life a little
slower.

Pam Mercier -Site Manager

HAPPY NEW YEAR TO EVERYONE! WISHES IN 2018 FOR FRESH NEW START, GOOD HEALTH, ABUNDANCE, PEACE AND KINDNESS TO YOU AND YOUR FAMILY.

RESIDENT MOVES: No new residents this month. New Residents will be joining us once we are clear from virus outbreaks.

We wish Peggy Doty all the best as she moved to Red Deer to be near her family.

CONDOLENCES:

We are deeply saddened to hear of the passing of Cathy Branton. Cathy was Spruce View Lodge Manger in earlier years, and many of you had very close connection with her.

STAFFING UPDATE:

Congratulations to Angie on full time position as Lodge Assistant!

OUTBREAK ALERT AND UPDATE:

We would like to give you an update on our Norovirus Outbreak situation. As of this very moment, we are still on Outbreak precautions, and are hopeful that will be on the end of this very soon. Please continue to remain diligent in maintaining your thorough handwashing, and reporting ANY ill like symptoms to our Health Care Staff. We are not quite out of the woods yet. This bug has certainly kept our entire Staff Team on our toes, and working very hard to keep up with day to day operations, plus the extra care, cleaning, laundry, trays made and delivered, and many other behind the scenes tasks in efforts to maintain our facility and people in it.

Stay Well Everyone! We will get through all of this yet!
